Re: Mackenzie Visitor Centre Walking Tours and Activities

We are pleased to offer this letter of support to the application from the Mackenzie Chamber of Commerce to offer walking tours and activities to locals and visitors during the 2025 tourism season.

Having a dedicated Visitor Centre employee showcase Mackenzie's history and attractions to adults and youth in fun and interactive ways will create experiences that will be talked about for years to come. The Visitor Centre, run by the Mackenzie Chamber of Commerce, is planning on offering walking tours in Mackenzie to visit attractions that everyone can enjoy. They also plan to offer activities to children visiting the area campgrounds and offer fun, games, and crafts. Within the activities, participants will learn the history of Mackenzie and area, as well as the wildlife and nature around us. Special guests are being invited to share their knowledge on different topics such as survival, being fire smart, trails, or arts. We are confident that the plan proposed will continue to bring visitors and spread the word that we all need to Explore Mackenzie.

The Mackenzie Chamber of Commerce would be a qualified service provider and is the perfect fit for Mackenzie Visitor Centre.

UBCM Member Municipalities

Dear UBCM Members:

Re: Support for Resolution

I am writing on behalf of Abbotsford City Council, requesting favourable consideration and resolutions of support for our proposed UBCM Resolution for Infrastructure Support for Specified Municipalities – Housing Supply Act at the upcoming LMLGA Convention, in advance of the UBCM Convention this fall.

At the February 25, 2025 Council Meeting, City Council approved the following resolution:

WHEREAS the Government of BC introduced the *Housing Supply Act* in 2023 and has since required multiple "specified" municipalities to review and update their zoning bylaws by December 31, 2025, to permit increased density in-line with government mandated housing targets;

AND WHEREAS the increased housing density requirements for these specified municipalities places undue financial pressure on those local governments due to the corresponding infrastructure upscaling requirements;

THEREFORE, BE IT RESOLVED that the Union of BC Municipalities work with the Government of BC to establish and provide long-term, stable and predictable infrastructure funding for municipalities to address these challenges.

We look forward to, and appreciate your support on this matter.

Sincerely,

Ross Siemens

Mayor

c. Council members

Peter Sparanese, City Manager

Dear Mayor and Council:

My name is Scott Gurney, I am the Executive Director of 17 Black Events, in Langford, BC.

Today I am writing to you on behalf of 24 signatories and 100's of Festival and Event Organizers across British Columbia who wrote an open letter to Premier David Eby and Minister Spencer Chandra Herbert.

We are calling on these officials to continue their support of festivals and events throughout BC. Some, or many, of these events and festivals take place in your community and have a profound impact on the mental, physical and economic health and well-being of your constituency. We are asking for your support too.

Below, you will see the open letter that was sent to the Minister and Premier on Wednesday February 19th. We are asking that you forward the same letter to them, on behalf of your community. Our towns and cities need arts & culture and we need your voice to encourage ongoing support from the NDP. Without it, we are sure to lose many of the gatherings and celebrations that bring happiness to your constituency, economic impact to local businesses and vibrancy to your community.

Thank you for taking the time to share this letter. I have included the email addresses and suggested subject line here for your convenience. There are two documents attached to make the letter easy to send. One is a PDF and one is a JPEG. Alternately, you can cut and paste the text from this email and send.

Open letter to Premier David Eby and Spencer Chandra Herbert, B.C. Minister of Tourism, Arts, Culture & Sport

Dear Premier Eby & Minister Chandra Herbert:

We're writing to seek the urgent renewal of the B.C. Fairs, Festivals and Events Fund (BCFFE) — or a replacement — in order to provide immediate and meaningful support to arts, cultural, community, and events throughout the province. With an increasing number of Canadians looking for homegrown travel experiences, it's never been more important to encourage thriving, exciting fairs and festivals.

As businesses and organizations we recognize these are challenging times for all levels of government, and we appreciate your efforts to protect B.C. industries from the looming impacts of possible tariffs. In spite of the uncertainty caused by rising cross-border tensions, it's heartening to see a sudden increase in Canadians seeking out products made within our borders and cancelling U.S. travel plans in favour of experiences that bring us together as a nation . . . experiences like B.C. fairs and festivals.

Our events are cornerstones of cultural identity, economic vitality, and social cohesion. Throughout the province, they offer a unique platform for celebrating our diverse talents and traditions — allowing us to come together in ways that reflect the fabric of B.C. But our fairs and festivals are more than entertainment. They attract tourists and lift up local businesses, from venues and suppliers that provide AV, stages and decor, to food vendors and specialty artisans. Jobs created by the arts and culture sector intersect with many other key industries. The same people that work festivals and arts-focused events also work in B.C.'s booming film industry, sporting events like the Invictus Games and FIFA, and major concert tours that have enormous economic impact — shows like Taylor Swift, Ed Sheeran, Luke Combs, and many more. Without skilled workers, these industries and productions will struggle; investing in B.C. events helps train the skilled workforce they require.

That's important, because according to your own stats, B.C.'s arts, culture, and heritage sector adds more than \$8.6 billion to B.C.'s annual GDP, and employs more than 150,000 British Columbians, representing 5.4 per cent of the province's overall labour force — the highest proportion in the country. Support for events is an investment in the livelihood of our communities, promoting tourism within our borders, and ensuring that British Columbia producers, artists, and performers have opportunities to thrive.

That's why we wish we could say planning for the future of B.C. events and festivals is well underway ... unfortunately, we can't.

During the NDP's successful 2024 re-election campaign, we were elated to see your commitment to "Provide stable, year over year funding for fairs, festivals and events." We appreciated this commitment and your direct attention to the crucial role that events and

festivals play in B.C.'s economic landscape. We were emboldened by your dedication to ensure our sector was supported, it made us feel we had security for our future.

However, as time continues to pass without news of what that funding will be, our industry becomes more vulnerable and lacks the confidence to move forward.

The clock is ticking on this year's events and festival season, and B.C. is beginning to lose long-standing and beloved events such as The Vancouver Mural Festival and The Vancouver Island Music Festival, to name just two. Sectoral challenges around ongoing cost increases and dropping revenues continue to plague the industry, and show no signs of improving in the short-term. Cancellations, postponements, and cheap downsized-versions of what were once thriving and impactful events in communities all across B.C. will be the result if action is not taken now.

Once again, we seek your urgent renewal of the BCFFE program, or an adequate and meaningful replacement fund, that will immediately provide support to events and festivals throughout the province.

Thank you for your attention. We look forward to seeing you follow through on your commitment to provide stable, year over year funding for fairs, festivals and events. The arts and culture industry is in a fragile and vulnerable state, and its future is in your hands.

Sincerely,

On behalf of Enbridge, I want to sincerely thank you for taking the time to participate in the recent roundtable discussion as part of the Sunrise Expansion Program in Mackenzie.

Your insights have given us a clearer understanding of Mackenzie's community needs, priorities, and perspectives, which will help shape how we address social and economic impacts and improve our communications as the project moves forward.

As promised, please see below for our key discussion points, which have been instrumental in Enbridge's understanding of Mackenzie's specific community needs and priorities. We have also attached the presentation we walked you through.

We will be reaching out to organize follow-ups in the coming months to further our discussions. If you have any further thoughts, please don't hesitate to reach out. We also welcome any recommendations on others within the community who you feel are important voices to be heard.

In the meantime, should you feel this project will benefit the community of Mackenzie, we hope your organization might consider submitting a Letter of Comment to share your views in writing, making them part of the public record during the hearing process. The CER will consider all submissions when making its decision or recommendation on the Project. If you are interested in making a submission please reach out and I would be happy to share more details about the process.

Best regards,

Jenn

Mackenzie Roundtable: What We Heard

February 11, 2025

Introduction

On February 11th, 2025, community leaders, business representatives, and local officials gathered in Mackenzie, British Columbia, for a roundtable discussion hosted by Enbridge.

The discussions focused on workforce accommodation, economic development, and infrastructure challenges, with participants providing key insights and recommendations to guide Enbridge's engagement in Mackenzie.

The following "What We Heard" report is part of Enbridge's commitment to looping back to participants with the information gathered during the discussion – and keeping an open door for more ideas, opportunities – and challenges – for the community to bring forward. In addition, participants are encouraged to think of other voices in the community who may be able to contribute to this effort but may have not been included in the first roundtable.

What We Heard

The discussion during the roundtable was organized into three main areas: Workforce Accommodation, Economic Opportunities & Community, Well-Being and Infrastructure Health & Land Use. The following are key findings from each.

Workforce Accommodation

Following a presentation from Enbridge on the proposed workforce accommodation in Mackenzie, a key discussion point was that workforce accommodation should support both the project and the local community. Participants reflected on past experiences with work camps, concerns about housing availability, and the importance of community integration.

Local Housing & Camp Presence:

- Past work camps, were positively received and contributed to the local economy.
- Some community members have rooms available for workers; a formal call-out for accommodations was suggested.
- Concerns were raised about illicit activity in camps and how worker behavior will be monitored. Overall, this was not a huge concern from the group who have seen local camps bring more good than harm to the community.
- The establishment of a community advisory group was recommended to ensure consistent communication between Enbridge and residents.
- While the community was not concerned about whether the camp would be a 'dry camp' or not, it was recommended by a participant that allowing alcohol every day of the week (versus just on the weekend) may help to mitigate binge drinking that can cause issues.

Economic and Community Benefit:

- Economic benefit has been noticed, as workers staying in Mackenzie in the past supported businesses, including restaurants and bed-and-breakfasts.
- Past workers staying in Mackenzie used to take community members out for dinner given as an example of successful and positive integration of workers into the community.

Healthcare & Emergency Preparedness:

- While everyone in Mackenzie has access to a family doctor, there are no dentists or eye care providers in the community, as well as no helipad to transport those in need in and out of the community.
- Mackenzie's small hospital has limited capacity (nine beds) and no diagnostics, raising concerns about how worker health needs may overwhelm the already limited system.
- Emergency response plans should account for healthcare limitations and ensure proper medical support for workers.

Economic Opportunities & Community Well-Being

A thriving local economy and strong community well-being were identified as essential for Mackenzie's long-term success. Discussions focused on ensuring local hiring, supporting

businesses, and investing in social infrastructure to create sustainable economic growth and social stability.

Job Creation & Local Hiring:

- The community of Mackenzie struggles with unemployment generally. The potential for local job creation in the community is a positive.
- Participants emphasized the need to prioritize local hiring and ensure that contractors source workers from Mackenzie, rather than Alberta.
- WorkBC was identified as being able to play a role in connecting job seekers with project opportunities.

Support for Local Businesses:

- Some participants vocalized that their preference would be to focus on investment in local businesses first, and local hiring second. This is because local businesses will continue to employ locals long after the SEP project has concluded.
- It was suggested that local procurement should include heavy equipment, road-building materials, and supplies from local businesses.
- Community members highlighted the need to support small businesses, as economic concerns remain a primary issue in Mackenzie.
- It was noted that services such as restaurants and the Legion will benefit from regular project updates and timelines to ensure they are adjusting hours and food for an increased population.

Social Well-Being & Community Support: Roundtable participants highlighted the following areas in which Mackenzie services could use support:

- The growing elderly population requires increased services, including seniors' meal plans and healthcare support.
- Investments in mental health resources, particularly for youth and adult males, were recommended.
- Expanding public service hours, including for the Legion and other community centers, could provide additional social benefits.
- The College of New Caledonia (CNC) campus is considering downsizing, which would mean no local post-secondary institution or facility for residents to develop skills and trades. This means the younger population may migrate to Prince George.

Infrastructure Health & Land Use

Developing resilient infrastructure and responsible land use planning are necessary to support both the project and Mackenzie's broader needs. Stakeholders emphasized transportation challenges, environmental stewardship, and the need for legacy projects that provide lasting community benefits.

Transportation & Accessibility:

- The town has no taxi services (the last company has just closed), and transportation remains a challenge.
- Stakeholders suggested Enbridge invest in road improvements and consider a worker shuttle system.
- The North Road is critical for regional connectivity and should not be deactivated, as is

currently being proposed.

Environmental & Legacy Projects:

- Legacy contributions could include donating worker equipment when the project is complete, such as office trailers, safety equipment, fire trailers, etc.
- Another suggested legacy project involved developing multi-use trails to support recreation and tourism.
- Participants proposed turning former work sites or worker accommodation sites into community fairgrounds and ensuring proper land restoration post-project, which has been done in other B.C. municipalities with success.

Housing & Tourism Needs:

- The town lacks sufficient hotels, which impacts both tourism and workforce accommodation.
- Rental opportunities and short-term housing solutions should be explored to prevent market strain.

Subject: URGENT: Hard drug full decriminalization needs to be repealed in BC- this may stop Trump

tariffs

Dear Mackenzie District Council,

The full decriminalization of hard drugs is normalizing hard drug usage in British Columbia, particularly among youth and the vulnerable.

Sex and drug trafficking go together and are escalating in every corner of BC.

ASK: Please alert Premier David Eby that this law must be repealed.

It is causing devastating harm.

This may then STOP the Trump tariffs and show the USA government that Canada is serious about stopping fentanyl use, production, sale and shipment.

The impact of tariffs and hard drug usage is devastating to BC and Canada.

Please view the summary from CBC's Rosemary Barton's interview with **US** Advisor and National Security expert David Asher on February 10, 2025.

3 steps are needed:

- -Secure the border,
- -Shutdown drug labs (largest superlab in the world just shut down in Vancouver),
- -Get rid of the laws that protect criminals and cartels (institute a RICO Act like in the USA: Racketeering Influence Corrupt Organizations Act).

Addressing fentanyl was emphasized at the first Trump Cabinet meeting as the main problem with Canada.

British Columbia is the weak link for fentanyl use, procurement, development, shipments.

Attached is my presentation to 23 Mayors from the Lower Mainland.

The second edition of my book will be available on Amazon on March 1st.

ASK: Please let me know if you have alerted the Premier.

Author: Child Sex Trafficking in Canada and How to Stop It

Lower Mainland Mayors presentation: Friday, January 17, 2025.

Thank you. My name is Cathy Peters. I was an inner city high school teacher 45 years ago.

For the past 11 years I have been raising awareness about the crime of **Human Sex Trafficking, Sexual Exploitation, and Child Sex Trafficking.**

It is the fastest growing crime globally, in Canada and locally. BC is vulnerable with 3 ports, international airports, easy access to the USA border.

My website: beamazingcampaign.org

My new book: **Child Sex Trafficking in Canada and How to Stop It**. I have just completed the second edition.

I have 2 new booklets: for **Indigenous and Public Health providers**. These should be available to every band and hospital in BC.

I am observing 5 Trends:

- 1.With the full decriminalization of hard drugs in BC, drug use amongst youth has exploded and become normalized/accepted. Once youth are easily hooked, they will sell their bodies to get more drugs. Sex trafficking explodes. Full decriminalization of hard drugs needs to be repealed.

 2.With massive immigration and a weakened economy in Canada human
- 2. With massive immigration and a weakened economy in Canada human trafficking, crime, prostitution is increasing.
- 3.Sexting (sending nude photos) is being normalised so sextortion, online grooming, luring, and recruiting for the sex industry is increasing. There is an increase in the sexualization of youth/children. Which in turn increases childhood sexual assault/incest, and child-on-child sexual assault.
- 4. There is a lack of digital safety training, social media accountability, positive parenting support and lack of education to teach men and boys NOT to exploit women and girls.
- 5. The unchecked development of artificial intelligence (AI).

Human trafficking is the recruiting, transporting, transferring, receiving, holding, concealing, harbouring or exercising control over a person for the purpose of exploiting them.

STATS:

- -13 years old is the average age of recruitment. In cities- 10-12 year olds.
- -50%-90% in the sex trade are Indigenous.
- -82% involved in prostitution had childhood sexual abuse/incest.
- -72% live with complex PTSD.
- -95% in prostitution want to leave- it is NOT a choice or a job.
- **-90%-99% of prostituted persons are pimped or trafficked-** organized crime and international crime syndicates are involved.
- **-Only 1-5% of individuals get out of the sex industry**. The majority experience mental illness, drug addiction, commit suicide or are murdered.

The most notorious cases in Canada are from the Lower Mainland: **Amanda Todd** (victim), **Robert Pickton** (sex buyer and gruesome serial killer), **Reza Moazami** (trafficker).

I have been raising awareness about sexual exploitation and Child Sex Trafficking, to every City Council, Regional District, MLA, MP, school board and police agency in BC since **The Protection of Communities and Exploited Persons Act (PCEPA)** became Federal Law in 2014, so that police would enforce it, the public would understand it and be able to report it.

The Law has 4 parts:

- 1. Targets the DEMAND by criminalizing the buyers of sex and profiteers.
- 2. Recognizes the seller of sex as a victim, who is immune from prosecution.
- 3. Exit strategies are in place to assist the victim out of the sex trade.
- 4. Robust prevention education programs are in place so youth, children and the vulnerable are not pulled into the sex industry.

This Law focuses on the **source of harm**: the buyers of sex and the profiteers. The clear statement from Parliament was that girls and women in Canada are

NOT FOR SALE; that they are full human beings, with dignity and human rights.

This LAW is not enforced in BC, so prostitution is de facto legalized. **Unless the sex buyers are deterred this crime will continue to explode.**Vancouver, Toronto, and Montreal are global sex tourism hotspots.
Canada is a **Child Sex Tourism** destination.

The global sex trade is growing FAST, targeting children (children is where the money is), fueled by the internet where most of the luring is taking place. The US Surgeon General is recommending no social media platforms until ages 16-18 years of age, and no smartphones until at least age 15. Dumbphones are a better option than smartphones. Phones need to removed from schools in BC.

Contributing factors to a rapidly growing sex industry is **globalization**, unregulated technology, limited law enforcement and very little prevention education.

Canada has a new **National Human Trafficking Hotline number: 1-833-900-1010.** Provincially VictimLink has a helpline.

Communities need to: **Reduce Demand** by addressing complicit businesses. **Diminish Supply** by education and public awareness.

Businesses involved; unregistered massage and body rub parlours, nail spas, day spas, modelling agencies, tattoo parlours, escort services, cheap bars and hotels, men's clubs, AirBnB, VRBO, casinos, strip clubs, organized crime club houses, bus stops, homeless camps, tent cities, can be typical covers for sexual exploitation.

Prostitution is ILLEGAL in Canada. Sweden has the similar law as Canada, where men and boys understand gender equality, so prostitution is not accepted or normalized there. So, it is possible to stop sexual exploitation. The KEY is to reach the Premier, so he understands the Federal Law needs to be enforced. I have an example template letter for the Premier.

The sex industry is targeting youth online. Schools are **recruiting grounds for gangs even in elementary schools.** An effective deterrent is the **School Liaison Officer Program**; officers prevent crime and protect the vulnerable.

Pornography is a public health crisis. Along with childhood sexual assault, pornography is a pipeline to prostitution. Online pornography is grooming our children. Mass-scale prevention education is needed in this country.

Who are the victims? Typically, female but due to popularity of online gaming sites a growing number of boys.

Who are the traffickers? Typically male, with some female traffickers who recruit their peers. Traffickers today are highly organized, sophisticated, move fast; organized crime and even sometimes family members are involved.

Who are the buyers? Male buyers from all ages and demographics are the root cause of the harm caused by human trafficking. If there were no buyers there would be no business.

What is needed to stop this crime in BC?

- 1. The enforcement of the **Protection of Communities and Exploited Persons ACT** (PCEPA), that criminalizes the sex buyer, profiteer and trafficker, while acknowledging that the seller of sex is a victim.
- 2. Additional funding and programs to help trafficked person out of prostitution.
- 3. A provincial public awareness campaign to stop sexual exploitation plus school education- especially teaching boys not to exploit women and girls.
- 4. A Human Trafficking Task Force similar to drugs and gangs and updating of provincial police policies in line with PCEPA.
- 5. Education for crown counsel and judiciary.

QUESTIONS (my words in brief):

Mayor Mike Little- District of North Vancouver- *Why is this occurring in BC and not elsewhere?*

Ans: Political will is the key. The Premier is the Key.

Mayor Linda Buchanan- City of North Vancouver- *No campaign here- Why? USA has posters in airports.*

Ans: No awareness campaigns by the government. But Paul Brandt with "Not in My City" NGO out of Alberta is training Canadian airports, and training police (Maddison Sessions).

Mayor Brenda Locke- Surrey- Schools? School Boards? Do they know about this? Ans: They are difficult to reach. Terrace School Board is an exception. Mayor Richard Stewart- Coquitlam- Mental health issues? Any recognition of this? Ans: No medical, nursing or social work program address this issue in Canada. Mental health for our youth is at risk today.

COUNCIL REPORT

To: Mayor and Council

From: Councillor Wright

Date: February 18, 2025

Subject: Notice of Motion – DOM Procurement Practices

The date for this motion to be considered is the March 10, 2025 Regular Council Meeting.

RECOMMENDATION:

THAT Council directs staff to prepare a report highlighting opportunities to improve the District of Mackenzie's procurement practices on how we can adapt to global/national issues and prioritize Mackenzie/Northern BC/BC/Canadian interests, in the event of American tariffs or other hostel actions from foreign countries, so we can respond with practices that emphasize Local Mackenzie/Northern British Columbia/British Columbia/Canadian interest.

BACKGROUND:

- 1. Other municipalities in BC have passed similar motions in the last month, considering threats of tariffs from the United States. A motion from the February 3, 2025 City of Prince George Council meeting was used as a model for this motion.
- 2. Both federal and provincial governments have been employing an 'all hands-on deck' mentality to prepare for potential tariffs and other hostilities from the USA. We as a municipal government need to look at what we can do to support these efforts.
- 3. Prime Minister Trudeau recently said we as Canadians need to take seriously the threats of US annexation of Canada, this motion would be the first step of we as a municipality taking it seriously.

BUDGETARY IMPACT:

The report itself has no budgetary impact other than staff time.

RESPECTFULLY SUBMITTED:

Councillor Jesse Wright

COUNCIL REPORT

To: Mayor and Council

From: Administration

Date: March 4, 2025

Subject: Council Liaison Appointment – Mental Health and Addictions

RECOMMENDATION:

THAT Councillor Jesse Wright be appointed the Mental Health and Addictions Council Liaison.

BACKGROUND:

On November 14, 2024, Council signed the North Central Local Government Association's "Mental Health and Addictions Accord" along with other communities within the region recognizing the urgent and ongoing need to address the mental health and addictions crisis affecting our communities and committing to work collaboratively and leverage collective resources to advance positive solutions in this area of concern.

At the February 24, 2024, Regular Meeting Council approved the creation of the new liaison position to support the work that may result from the Mental Health and Addictions Accord. Councillor Wright has indicated his interest in assuming the role as part of his Council portfolio.

BUDGETARY IMPACT:

Any travel expenses will be paid in accordance with the District of Mackenzie Expense Account Regulation Policy and allocated from the Mayor and Council Travel operational budget.

COUNCIL PRIORITIES:

Community and Social Development

• Our investment in the municipality's services and infrastructure, our commitment to principles of social equity and well-being, and our belief in the value of resident engagement, creates a healthy community in which everyone feels valued and enjoys a high quality of life.

COUNCIL REPORT

To: Mayor and Council

From: Administration

Date: March 5, 2024

Subject: Visitor Centre Caboose Operations 2025

RECOMMENDATION:

THAT Council approves the 2025 Visitor Services Agreement with the Mackenzie Chamber of Commerce in the amount of \$28,000;

AND THAT the Chief Administrative Officer be authorized to execute the agreement and any related documentation.

BACKGROUND:

The District has historically contracted visitor services in Mackenzie to the Mackenzie Chamber of Commerce. They have operated the seasonal Caboose Visitor Centre facility at the junction of Hwy 39 and 97 as well as welcomed visitors year-round at their Chamber Office. The service agreement has come up for renewal for 2025.

The total service agreement value is \$43,000. Destination BC provides \$15,000 and the District contributes \$28,000.

A copy of the draft agreement has been attached for Council's consideration.

BUDGETARY IMPACT:

Funding will be allocated from the General Government Operating Budget.

COUNCIL PRIORITIES:

Economic Vitality

 The District is a leader on efforts aimed at diversifying the community's economy, supporting local businesses, and attracting new investment to the community.
 Diversification, a strong business sector and new investment are key to our economic vitality.

- (h) not commit or purport to commit the District to the payment of any money to any person, firm or corporation, without the District's prior written consent;
- keep proper and accurate books of account and records of any and all monies received and disbursed in the provision of the Services and make the books of account and records available for inspection and audit by the District or its authorized representatives upon request;
- (j) provide the Services in compliance with all applicable health and safety standards, rules, regulations, requirements and codes of practice prescribed under any federal, provincial or local government statute, regulation, bylaw or permit relating in any respect to the Contractor's provision of the Services; and
- (k) follow all Destination BC visitor centre operation protocols and funding requirements, and entering and reporting on all associated Destination BC data collection and annual reporting;
- (l) during the Term, not perform a service for or provide advice to any person, firm or corporation which gives rise to a conflict of interest with the duties and obligations of the Contractor to the District under this Agreement.
- (m) acknowledge the District and Destination BC as a funding source in its advertisements and promotional materials for the duration of this Agreement; and
- (n) following the issuance of funds, submit an annual activity report to the District by **October 31**st of each year and provide an in-person presentation to Council in November or December of each year of the Agreement, highlighting accomplishments, goals and objectives, benefits provided to the community and a financial statement outlining how the District's funding was utilized.

4.0 DISTRICT RESPONSIBILITIES & CABOOSE FACILITIES EXPECTATIONS

4.1 The Caboose Visitor Information Centre, owned by the District, is the main Visitor Information Centre during the summer months. Daily and as needed sweeping/mopping of the floors, emptying of garbage and general cleaning, and tidying of the Caboose, the grounds around the Caboose and public washroom facilities is the responsibility of Mackenzie Chamber of Commerce.

- 4.2 The District will handle general maintenance of the Caboose Visitor Information Centre grounds, outdoor empty garbage bins, and overview public washroom facilities. The District will conduct any repairs required at the facility.
- 4.3 The Chamber will be provided sets of keys to the Caboose Visitor Information Centre that they are the tenant of. Distribution of these keys will be the responsibility of the Chamber for its staff or other members that require afterhours access. Security of these keys is the responsibility of the Chamber.
- 4.4 It is the responsibility of the Chamber to ensure the Caboose Visitor Information Centre is locked at the end of daily operations and any afterhours meetings.
- 4.5 The District will be responsible for the annual seasonal opening of the facility in the spring and shutdown of the facility and grounds in the Fall.

5.0 CONTRACTOR REPRESENTATIONS AND WARRANTIES

- 5.1 The Contractor represents and warrants to the District that:
 - (a) if the Contractor is a not-for-profit society, it is duly organized, validly existing and legally entitled to carry on activities in British Columbia and is in good standing with respect to its registration with the Province of British Columbia and filings of annual reports in accordance with the BC Societies Act;
 - (b) the Contractor has sufficient trained staff, facilities, materials, and appropriate equipment in place and available to enable it to fully perform the Services.

6.0 FEES AND EXPENSES

- 6.1 In consideration for the provision of the Services, the District shall pay to the Contractor the fee for all Services rendered under this Agreement according to the amounts and times of payment set out in Schedule "A" to this Agreement.
- 6.2 Unless stated otherwise in this Agreement, all sums of money are in Canadian Dollars.

7.0 INDEMNIFICATION

7.1 The Contractor shall release, indemnify, and keep indemnified the District, its elected officials, officers, employees, agents and contractors of and from all claims, costs, losses, damages, actions, causes of action, expenses and costs arising from any error, omission or negligent act of the Contractor, or its officers, employees, agents or contractors, in the performance of the Services.

8.0 **TERMINATION**

- 8.1 The District or the Contractor may terminate this Agreement, without cause, at any time by giving not less than thirty days (30) written notice to the Contractor.
- 8.2 If the Contractor is in default in the performance of any of its obligations under this Agreement, or if the Contractor becomes insolvent, is assigned into bankruptcy, or is no longer in good standing with requirements under the BC Societies Act, then the District may terminate this Agreement by written notice to the Contractor.
- 8.3 In the event that this Agreement is terminated, the District shall pay the Contractor for Services performed to the date of termination, less any amounts necessary to compensate the District for damages or costs incurred by the District or any of its elected officials, officers or employees or any person on behalf of the District arising from the Contractor's default. Upon payment of such amounts, no other payment will be owed by the District to the Contractor and no amount will be owing on account of any future expenditures or lost revenues relating to the Contractor's operations.

9.0 CONFIDENTIALITY

9.1 The Contractor shall not disclose any information, data or confidential information of the District to any person, other than representatives of the District duly designated for that purpose in writing by the District, and shall not use for its own purposes or for any purpose other than for the purpose of providing the Services any such information, data or confidential information it may acquire as a result of its engagement under this Agreement.

10.0 NOTICE

- 10.1 Any notice required to be given under this Agreement will be deemed to be sufficiently given:

SCHEDULE B

INSURANCE

- 1. The Mackenzie Chamber of Commerce shall, at its own expense, provide and maintain throughout the Term the following insurance in a form acceptable to the District, with an insurer licensed in British Columbia:
 - (a) Commercial General Liability

\$2,000,000

In all policies of insurance required under this Agreement the District shall be named as an additional insured and all such policies shall contain a provision that the insurance shall apply as though a separate policy had been issued to each named insured. All such polices shall provide that no cancellation or lapse of or material alteration in the policy shall become effective until 30 days after written notice of such cancellation, lapse or alteration has been given to the District.

Any deductible amounts in the foregoing insurance which are payable by the policyholder shall be in an amount acceptable to the District.

- 2. The Mackenzie Chamber of Commerce shall provide to the District at the commencement of the Term, and at any time during the Term upon request by the District, a certificate or certificates of insurance as evidence that the insurance required under this Agreement is in force.
- 3. Maintenance of such insurance and the performance by the Mackenzie Chamber of Commerce of its obligation under this Schedule "B" shall not relieve the Chamber of liability under the indemnity provisions under the Agreement.

COUNCIL REPORT

To: Mayor and Council

From: Operations

Date: March 10, 2025

Subject: Resolution of Support – BC Air Access Program and SPMT – Airport Upgrades

RECOMMENDATION:

Resolution #1 - BC Air Access - Transitional Infrastructure

THAT Council supports the District of Mackenzie's application to the BC Air Access Program for up to \$33,000 in funding towards airport upgrades.

Resolution #2 - BC Air Access - Groundside/Ancillary Infrastructure

THAT Council supports the District of Mackenzie's application to the BC Air Access Program for up to \$13,000 in funding towards airport upgrades.

Resolution #3 – SPMT – Airport Upgrades

THAT Council supports the District of Mackenzie's application to the South Peace Mackenzie Trust for up to \$46,145 in funding towards airport upgrades.

BACKGROUND:

The Department of Operations has identified necessary upgrades at the Mackenzie Airport to enhance safety, accessibility, and operational efficiency. These improvements align with the District's ongoing efforts to maintain and modernize essential infrastructure to support economic development, emergency response capabilities, and regional connectivity.

The BC Air Access Program (BCAAP) provides cost-sharing opportunities for airport infrastructure projects that improve aviation safety and efficiency in British Columbia. The District is pursuing funding under two streams:

 <u>Transitional Infrastructure</u> – To support the replacement of the terminal doors with accessible automatic doors, ensuring improved accessibility for all users. Additionally, this funding will cover the installation of two motorized gates to enhance security and operational efficiency at the airport.

Groundside/Ancillary Infrastructure – For the clearing of trees and brush along the
exterior of the airport fence. This work is necessary to maintain clear sightlines, improve
security, reduce potential wildlife hazards, and enhance the ability to perform regular
fence maintenance.

Benefits of the Mackenzie Airport

The Mackenzie Airport is a key asset for the community, supporting economic activity, transportation, and emergency response services. The airport provides several direct and indirect benefits, including:

- **Support for Industry** The airport is a critical piece of infrastructure for the forestry, mining, and energy sectors, providing air access for workers, contractors, and executives.
- Emergency and Medical Services The airport facilitates medevac flights and emergency response operations, ensuring residents have timely access to critical services. Additionally, the airport's fire suppression capabilities support regional emergency services by providing a key base for firefighting efforts and enhancing response capabilities during wildfire events.
- **Tourism and Recreation** The airport enhances Mackenzie's ability to attract visitors, outdoor enthusiasts, and adventure tourism businesses. Improved accessibility can support local events, hunting and fishing lodges, and wilderness experiences.
- **Future Growth and Connectivity** A well-maintained airport positions Mackenzie for future development opportunities, including potential charter services and increased air traffic.

BUDGETARY IMPACT:

If all three grant applications are approved, there will be no budgetary impact on the District, as the full \$92,145 project cost will be covered through external funding from the BC Air Access Program (BCAAP) and South Peace Mackenzie Trust (SPMT).

The motorized gates, previously budgeted at \$55,000 in the 2025 capital budget, would no longer require District funding, allowing those funds to be reallocated to other priorities.

If the grant applications are unsuccessful, staff will re-evaluate the scope of the project.

COUNCIL PRIORITIES:

Community and Social Development

• Our investment in the municipality's services and infrastructure, our commitment to principles of social equity and well-being, and our belief in the value of resident engagement, creates a healthy community in which everyone feels valued and enjoys a high quality of life.

Economic Vitality

 The District is a leader on efforts aimed at diversifying the community's economy, supporting local businesses, and attracting new investment to the community.
 Diversification, a strong business sector and new investment are key to our economic vitality.

Strong Governance and Finances

 As the municipality's elected governing body, we serve all residents and businesses in the community. We engage residents and stakeholders on important issues and make our decisions through open and transparent processes. We are careful in our use of resources, mindful of the need to maintain programs and services, while also meeting the community's infrastructure needs.

COUNCIL REPORT

To: Mayor and Council

From: Finance

Date: March 6, 2025

Subject: 2025 Provisional Operating and Capital Budgets

RECOMMENDATION:

THAT Council approves the 2025 Provisional Operating and Capital Budgets.

BACKGROUND:

As part of the budget process, and to engage residents, a variety of community budget consultations took place to support the development of the provisional budget which authorizes the expenditures for the fiscal year. The engagement process included holding a Finance Open House on November 7, 2024 and on February 5, 2025. A budget survey was launched from February 6, 2025 till February 18, 2025, with over 300 responses. During the February 5, 2025 Open House staff provided residents with a variety of property tax increase scenarios to fund the expected budget shortfall of just over a million dollars. This information was also provided to Council during the February 24, 2025 regular council meeting to provide staff with a recommended property tax revenue increase and funding allocations from other sources to cover the expected budget shortfall.

The provisional operating and capital budget will be effective immediately until the 2025-2029 Financial Plan Bylaw and Property Tax Bylaw are adopted no later than May 15, 2025. Any revisions from the provisional budgets will be reflected in the Financial Plan and the Property Tax Bylaw. Staff are recommending an estimated overall 9.09% tax revenue increase (\$437,074) from 2024.

Considerations when developing the 2025 operating budget include:

Revenue

- Overall estimated net tax revenue loss of \$1,505,918
 - BC Assessment granting a Level 2 closure allowance to two industrial properties, which resulted in decreased assessment values and property reclassifications
- Increase from BC Hydro grants (1%-of-revenue-grant & grant-in-lieu for generating facilities)
- Increased budgeted amount for sales of service

Expenses

 Capital Renewal Levy – amount equal to 2% of property tax revenue, compounded annually

Estimated LevyBudgeted Amount\$535,849

\$623,261 contribution to Capital Renewal Reserve

- Focus on maintaining services and service levels where possible
- Operational projects funded by grants when possible
- Increase operational costs for employer benefits, insurance, consumables and collective agreement

The 2025 BC Assessment completed assessment roll showed an overall decrease to property assessments in Mackenzie. The following table provides a breakdown of the assessment changes per property class:

	2025 Completed			% of
	Roll Assessed	2024 Assessed	Increase/Decrease	Increase/
Property Class	Value	Value	in Assessed Value	Decrease
1 – Residential	276,042,100	278,237,400	(2,195,300)	(0.79)%
2 – Utilities	25,370,500	23,733,830	1,636,670	6.90%
4 – Major Industry	5,870,500	40,377,100	(34,506,600)	(85.46)%
5 – Light Industry	9,355,000	11,409,900	(2,054,900)	(18.01)%

	416,938,700	420,233,530	(3,294,830)	(0.78)%

As assessment values increase, tax rates will decrease to collect the same amount of tax revenue as the prior year. Furthermore, if assessment values decrease, then tax rates will increase to collect the same amount of tax revenue as the prior year. If a tax revenue increase is proposed, the tax rate will increase but not at the same percentage of additional tax revenue collected. The following table shows the proposed municipal tax rate increase/decrease per property class:

COUNCIL REPORT

To: Mayor and Council

From: Finance

Date: March 6, 2025

Subject: 2025 Water, Sewer and Garbage Bylaw Amendment

RECOMMENDATION:

THAT Council receives this report for information.

BACKGROUND:

Utility services provided by local governments are intended to be fully funded through user fees, meaning the full cost of the programs, including the costs related to managing the life cycle of capital assets are covered by those user fees. User fees are typically adjusted annually to offset any changes in the cost of delivering the service.

At the February 24th Council meeting staff presented Mayor and Council with a variety of options for bylaw rate increases for utility services. The recommended rate increases are listed below:

- Water 12%
 - The increase to water rates covers all necessary operational costs and projects and provides a transfer to reserves in the amount of \$250,000 for current and future capital projects.
- Sewer 10%
 - The increase to sewer rates covers all necessary operational costs and projects and provides a transfer to reserves in the amount of \$225,000 for current and future capital projects.
- Residential and Commercial Garbage 6.5%
 - The increase to residential garbage rates covers all the necessary operational costs and provides a transfer to reserves in the amount of \$105,485 for replacement of garbage truck and garbage bins.

 The increase to commercial garbage rates covers all the necessary operational costs and provides a transfer to reserves in the amount of \$80,517 for replacement of commercial garbage truck and garbage bins.

Below is the annual impact of the bylaw rate increases to residential and commercial customers for water, sewer and garbage:

Residential Customers

Water billing increase	\$54.85	
Sewer billing increase	\$29.05	
Garbage billing increase (weekly service)	\$12.98	
Overall annual increase of \$96.88 or \$8.07month		

^{*}bi-weekly garbage service would see an increase of \$94.90 or \$7.91/month

Commercial Customers

Water billing increase (minimum charges)	\$32.76
Sewer billing increase (minimum charges)	\$23.00
Garbage billing increase (3yrd bin 1 pickup per week)	\$64.00

Overall annual increase of \$119.76 or \$29.94/bi-monthly

Rates will become effective May 1, 2025. Residential customers will have their new rates shown on their 2025 property tax bill and commercial customers will have the new rates shown on their May/June utility billing.

A copy of the associated bylaws have been included in the Bylaw section of the agenda for Council's consideration.

COUNCIL PRIORITY:

Strong Governance and Finances

 As the municipality's elected governing body, we serve all residents and businesses in the community. We engage residents and stakeholders on important issues and make our decisions through open and transparent processes. We are careful in our use of resources, mindful of the need to maintain programs and services, while also meeting the community's infrastructure needs.

^{*4}yrd bin, 1 pickup/week customers would see an increase of \$133.11 or \$33.28 bi-monthly

RESPECTFULLY SUBMITTED:

Kerri Borne, Chief Financial Officer
