Subject: Health Canada: Poisoned? Call 1-844-POISON-X number for poison centres

Health Canada has launched a new toll-free number, **1-844-POISON-X**, or **1-844-764-7669**, in collaboration with four poison centres across the country.

Please pass the message below to your organization's members, family and friends, or post it on your website and social media channels.

Each year, over 1,500 Canadians lose their lives and nearly 8,000 are hospitalized due to accidental poisoning from medications, cleaners, cannabis products, and many other household items.

If you have questions about a substance that might be harmful or you think someone may have been poisoned, call **1-844-POISON-X (or 1-844-764-7669)**, Canada's new toll-free, 24/7 national helpline.

We hope this information is useful to you.
