Victim Services July 2023 stats:

Ongoing Clients - 32

New Clients - 5

Closed Clients - 8

Incidents resulting in Victim Services assistance - 3

Referral Sources - Police.

New clients included: 3 females and 2 males. Of these clients: 4 are adults and 1 is a youth.

Incident Types: Youth Sexual Assault/Abuse, Other Assault/Abuse, and Sudden Death.

This month was a slower month for Victim Services. There was no court in Mackenzie this month, so a lot less court updates were given. A few clients had files that had court dates in Prince George or Tsay Keh Dene and those clients received court updates. Clients have been noticeably harder to get hold of this month, but I believe it is just due to summer holidays. Victim Services completed two online learning courses, which included: Government of BC Victim Services Training - Child & Youth Safety Planning as well as Walking the Urban Path to MMIWG2S+ Action Plan Implementation. There is now a Community-Based Victim Services Worker in Prince George who works along with the Elizabeth Fry Society, and I was able to reach out to her. I am hoping to coordinate with her for additional resources for domestic violence victims in Mackenzie.
