**Subject:** URGENT: Hard drug full decriminalization needs to be repealed in BC- this may stop Trump tariffs

Dear Mackenzie District Council,  
The **full decriminalization of hard drugs is normalizing hard drug usage in British Columbia**, particularly among youth and the vulnerable.  
Sex and drug trafficking go together and are escalating in every corner of BC.

**ASK: Please alert Premier David Eby that this law must be repealed.**

It is causing devastating harm.

This may then STOP the Trump tariffs and **show the USA government that Canada is serious about stopping fentanyl use, production, sale and shipment.**

The impact of tariffs and hard drug usage is devastating to BC and Canada.

Please view the summary from CBC's Rosemary Barton's interview with **US Advisor and National Security expert David Asher** on February 10, 2025.

**3 steps are needed:**

- Secure the border,
- Shutdown drug labs (largest superlab in the world just shut down in Vancouver),
- Get rid of the laws that protect criminals and cartels (institute a RICO Act like in the USA: Racketeering Influence Corrupt Organizations Act).

Addressing fentanyl was emphasized at the first Trump Cabinet meeting as the main problem with Canada.

**British Columbia is the weak link for fentanyl** use, procurement, development, shipments.

Attached is my presentation to **23 Mayors from the Lower Mainland.**

The second edition of my book will be available on Amazon on March 1st.

**ASK: Please let me know if you have alerted the Premier.**

Sincerely, Cathy Peters phone: 604-828-2689
