

COMMUNITY NOTICE

ANNUAL VEGETATION MANAGEMENT PROGRAM

Each year, CN is required to manage vegetation on its right-of-way. Managing this vegetation contributes to mitigating fire risks and enhances the efficiency of inspection of track infrastructure.

To ensure safe railway operations, CN will conduct its annual vegetation management program on its rail lines in the province of British Columbia. A certified professional (Davey Tree Expert Company of Canada, Ltd., 1-800-465-6367) will apply herbicides on and around the railway tracks (primarily along the 24-foot graveled area/ballast). The use of pesticides is intended within the area to which the pest management plan applies. All product requirements for setbacks in the vicinity of dwellings, aquatic environments, and municipal water supplies will be met.

CN only uses herbicides that have been approved for use in Canada and in the province within which they are applied.

The program is expected to take place from April to October 2025.

Visit www.cn.ca/vegetation for more information or to make an inquiry, contact the CN Public Inquiry Line at contact@cn.ca or 1-888-888-5909.
