

Dear friends

I'm reaching out on behalf of the BC Epilepsy Society and The Centre for Epilepsy & Seizure Education.

**We would love for to join the Purple Lights Campaign by illuminating your building in purple on March 26, 2026. This annual event, known as Purple Day, raises critical awareness for the 50,000+ people living with epilepsy in British Columbia.**

Our goal is to ensure those affected by epilepsy know they aren't alone and where to find support.

Can we count on you to go purple this year?

Warm regards,  
Esther Mkilania,  
Admin Coordinator, BC Epilepsy Society
